"Let my TEACHING fall like RAIN...like SHOWERS on YOUNG PLANTS." (Deuteronomy 32:2)

Moses - Pillar of Fire Activity

DIRECTIONS

- Staple black posterboards to the wall end to end to form a tall column.
- Print out pages 2-7 one sided on cardstock. Cut out the questions and tape a question to the back of each flame. Laminate and cut out each flame.
- Use clear Velcro dots to attach flames to the black posterboards to form a column or pillar of fire (start at the top and work your way down).
- During class, allow the children to take turns answering the questions on the backs of the flames. After the child answers the question correctly, the child can attach the flame to the pillar of fire.

OPTIONAL PILLAR OF CLOUD

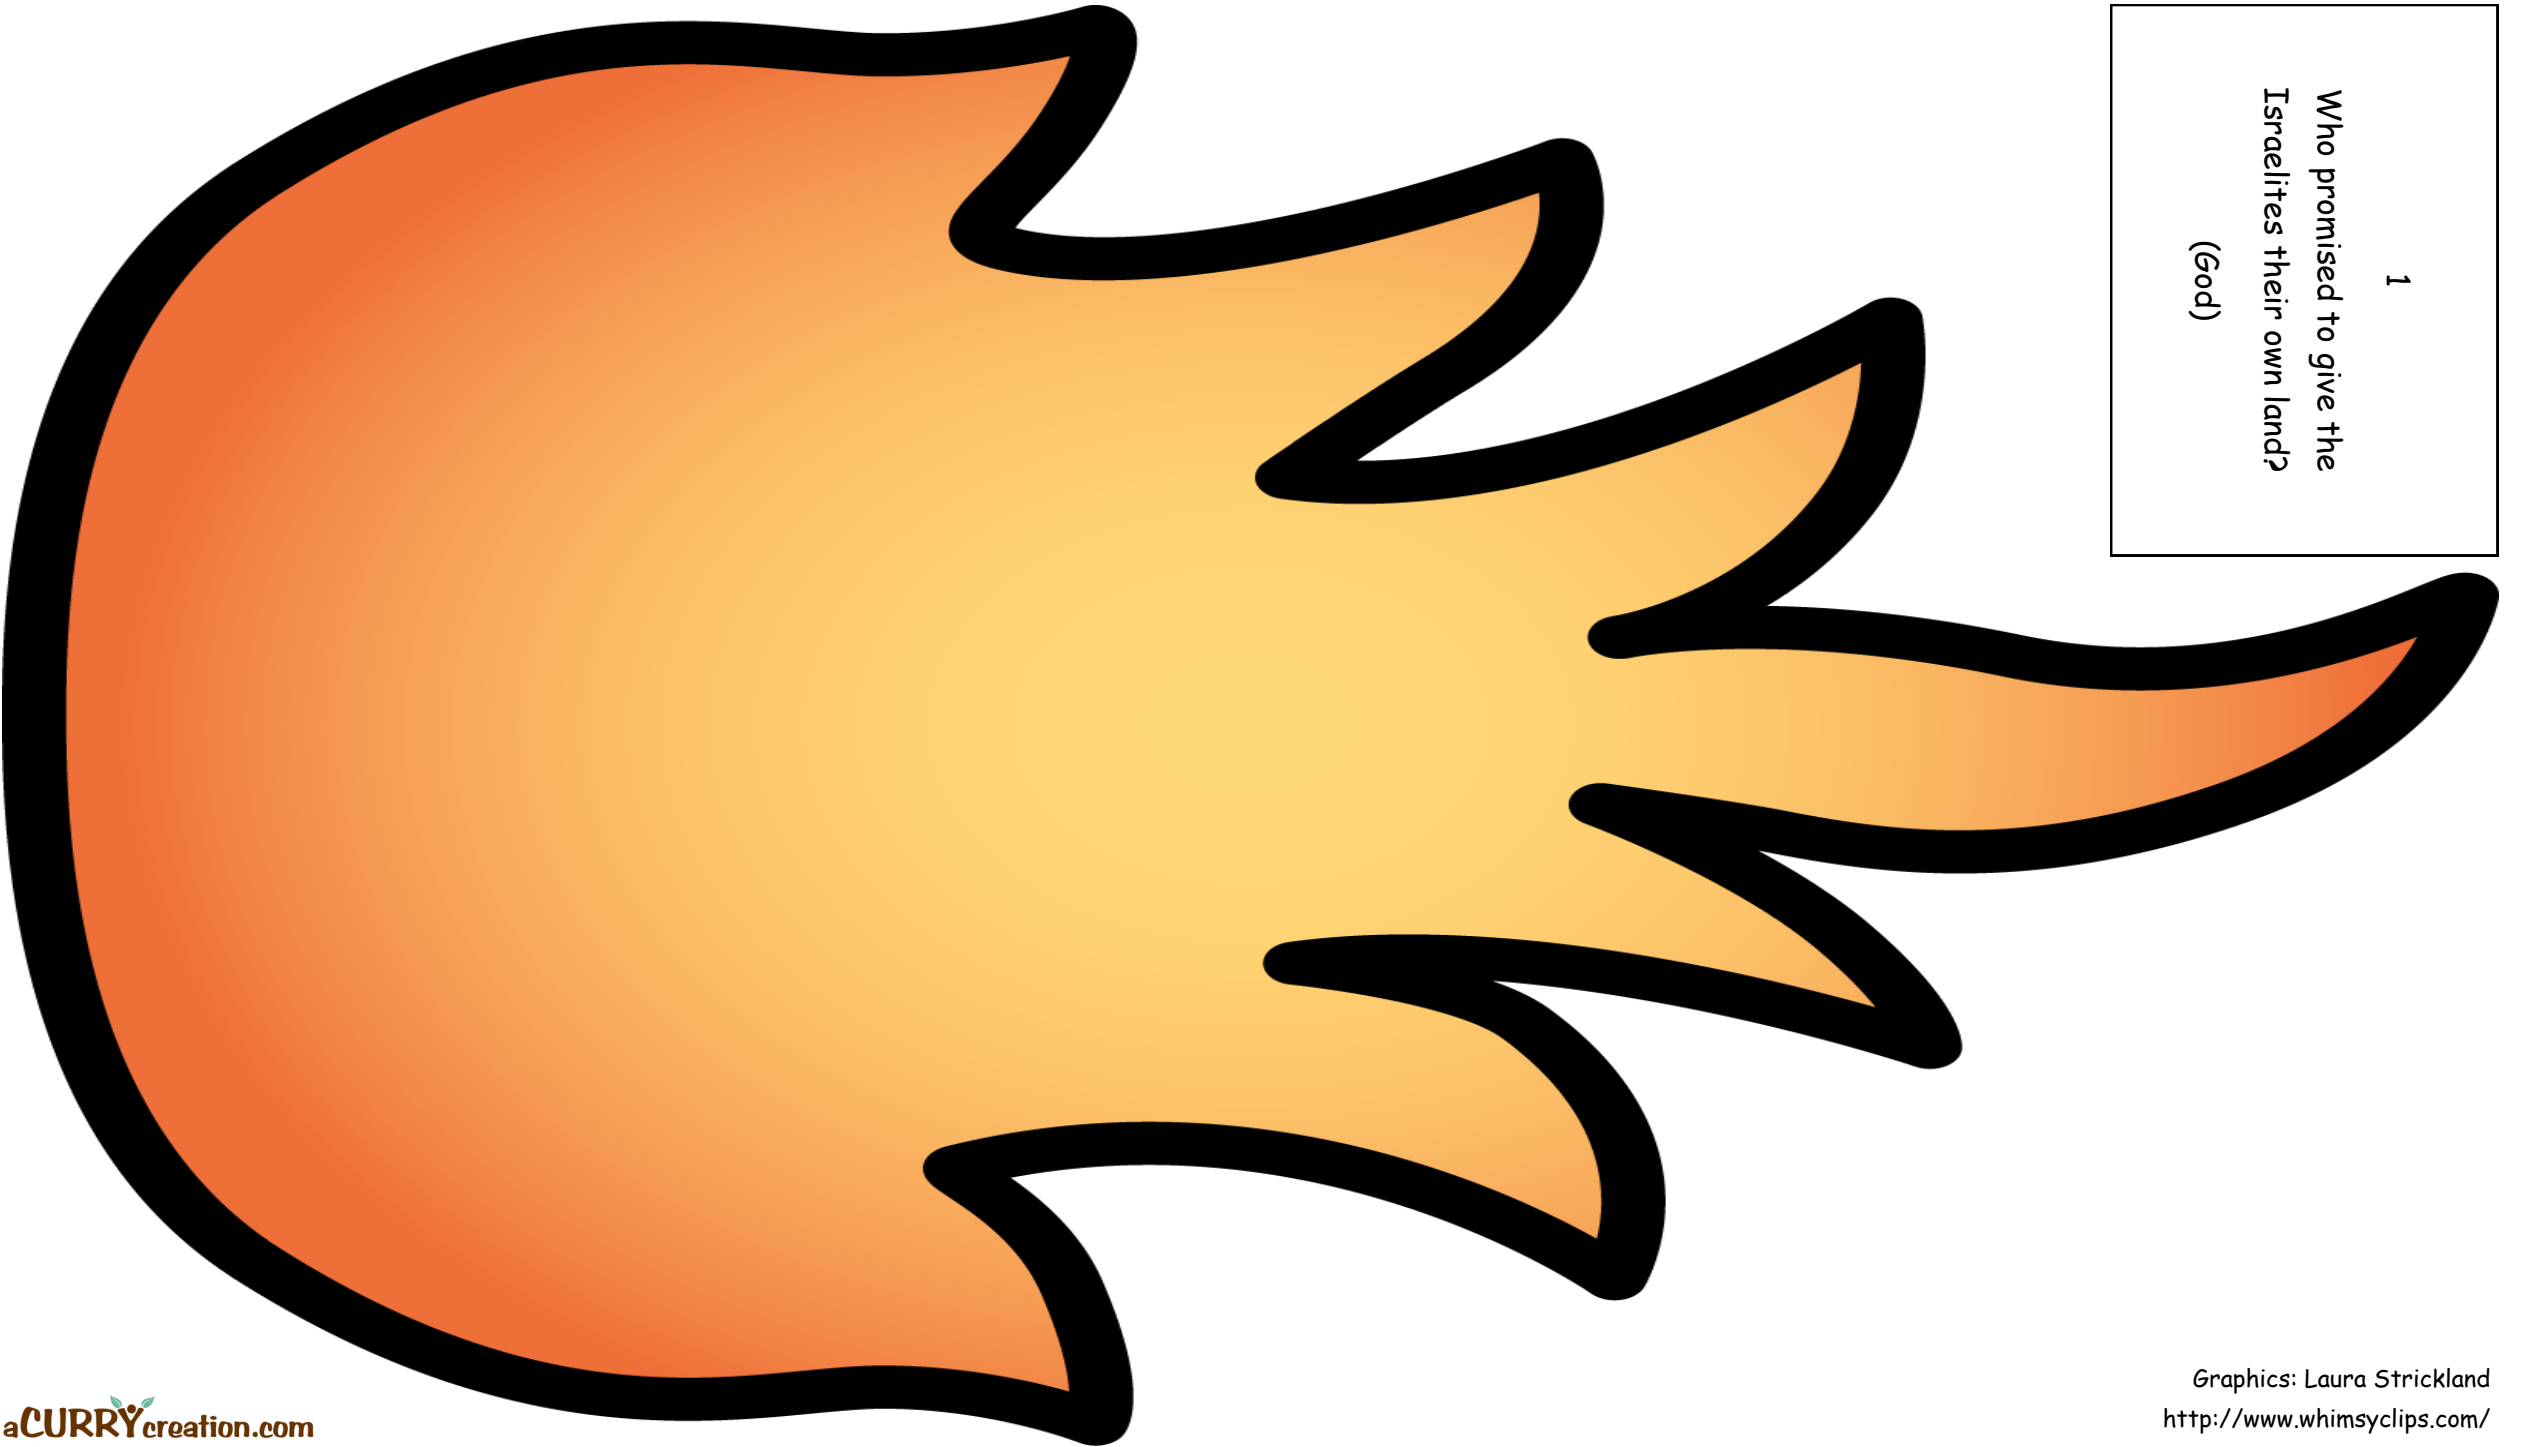

- Tape the two white posterboards end to end using clear packaging tape. Then draw a tall pillar of clouds and cut it out.
- Use a hot glue gun to attach the batting to the white posterboards.
- Staple this to the wall for decoration.
