

Dividing the Land - PreK

SUPPLIES NEEDED

For each child you will need the following:

- 1 Sheet regular printer paper
- 2 Sheets of Cardstock (8.5" x 11")
<http://amzn.com/B006P1EQIA>
- 12.5 Clear Velcro dots
<http://amzn.com/B001ASD850>
- 1 3 mil Laminating Film
<http://amazon.com/dp/B009SOVRYM>

DIRECTIONS

- Print page 2 or 3 on regular printer paper. (Page 2 already has the country divided into 6. Page 3 allows you to divide the country into however many students you have.)
- Print pages 4 and 5 on cardstock and laminate page 5.
- Cut out the tribal lands on page 5. It works best if you do not leave any of the black lines. Use an Exacto knife to cut out the land of Simeon.
- Use clear Velcro dots to attach the tribal lands in their appropriate places on page 4. It should work like a puzzle. (Use half a Velcro dot for the land of Ephraim.)
- During class, tell the story from Numbers 26 and Joshua 13-19 about taking a census and dividing the Promised Land among the Israelites. Use page 2 or 3 to explain how to take a census. Write a child's name down and ask them to count how many are in his/her immediate family (Dad, Mom, brother, sister). Then color the divided America according to your class census.
- Then give each child a page 4 with the land puzzle pieces in a Ziploc bag and have them complete the picture by adding the land pieces.

Our Class Census

RED The tribe of _____ has _____ people.

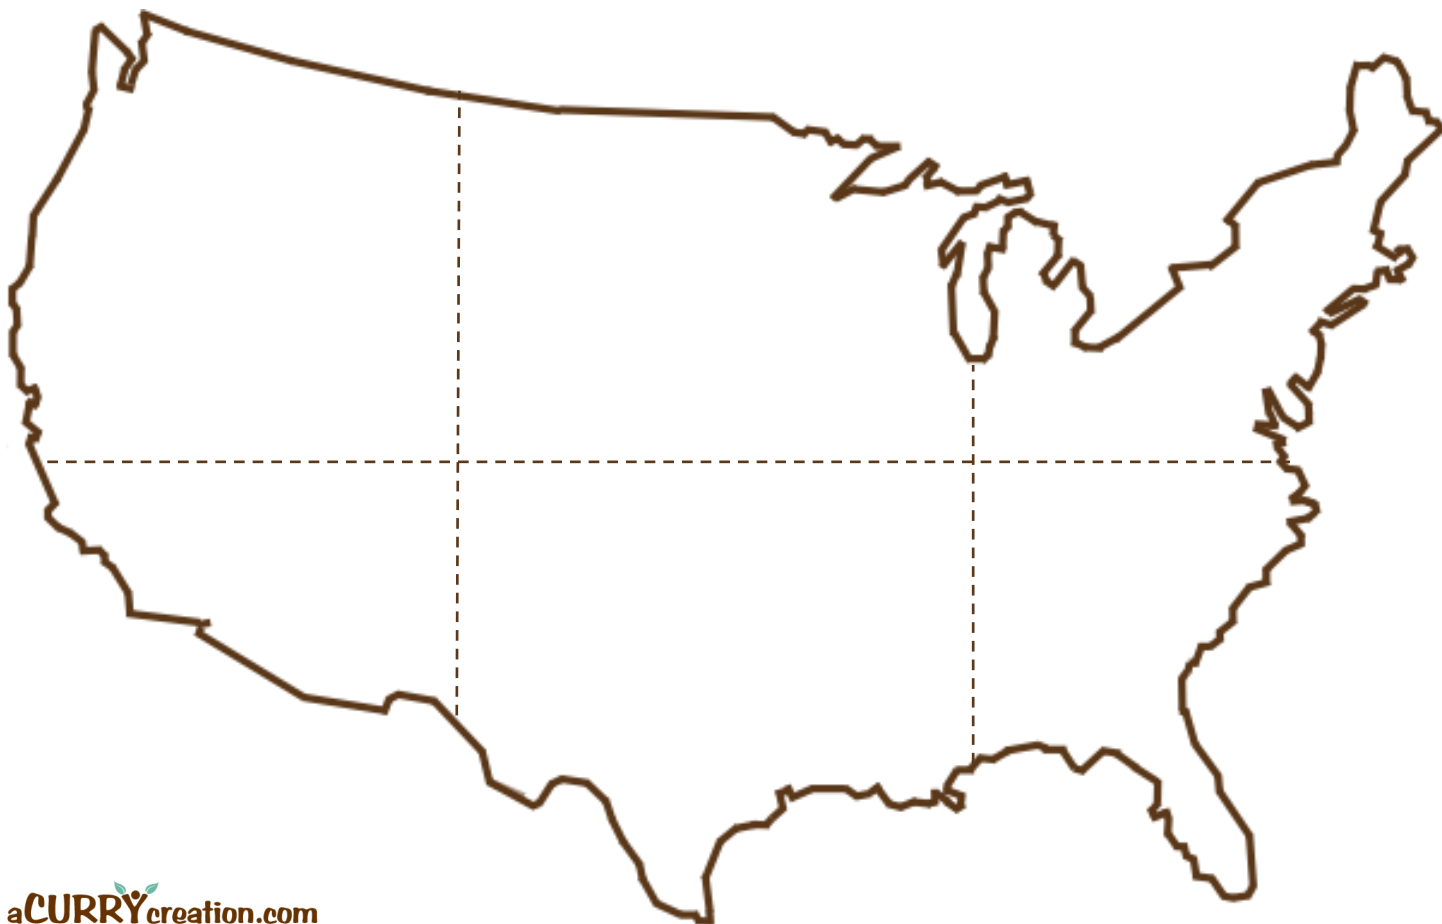

BLUE The tribe of _____ has _____ people.

YELLOW The tribe of _____ has _____ people.

PURPLE The tribe of _____ has _____ people.

GREEN The tribe of _____ has _____ people.
